Display Unofficial Transcript

This is NOT an official transcript.

Courses which are in progress may also be included on this transcript.

Courses that do not meet the minimum grade will still appear here. Please check your CAPP report or consult with your academic advisor.

The unofficial transcripts displayed on STU-VIEW are only for courses taken from the term: Spring 1995 to present. If you wish to review course grades prior to this period, or if you wish to obtain an Official Transcript with your name on it, you will have to request an Official Transcript from Academic Records. Please see previous page for instructions on "Requesting an Official Transcript."

RELEASE: 8.7.1   SITE MAP

CCNAv7: Introduction to Networks

The student has successfully achieved student level credential for completing CCNAv7: Introduction to Networks course administered by the undersigned instructor. The student was able to proficiently:

- Configure switches and end devices to provide access to local and remote network resources.
- Explain how physical and data link layer protocols support the operation of Ethernet in a switched network.
- Configure routers to enable end-to-end connectivity between remote devices.

- Create IPv4 and IPv6 addressing schemes and verify network connectivity between devices
- Explain how the upper layers of the OSI model support network applications.
- Configure a small network with security best practices.
- Troubleshoot connectivity in a small network.
